

TRAINING PROGRAMME

The **Scuola Corghi** was created in the '70s with the aim of training professional operators and improving the technical skills of those who use Corghi workshop equipment.

Scuola Corghi, Via per Carpi n. 9, Correggio

The **Scuola Corghi** makes use of large spaces where theory and practice are combined.

The present range of Corghi products includes equipment for the:

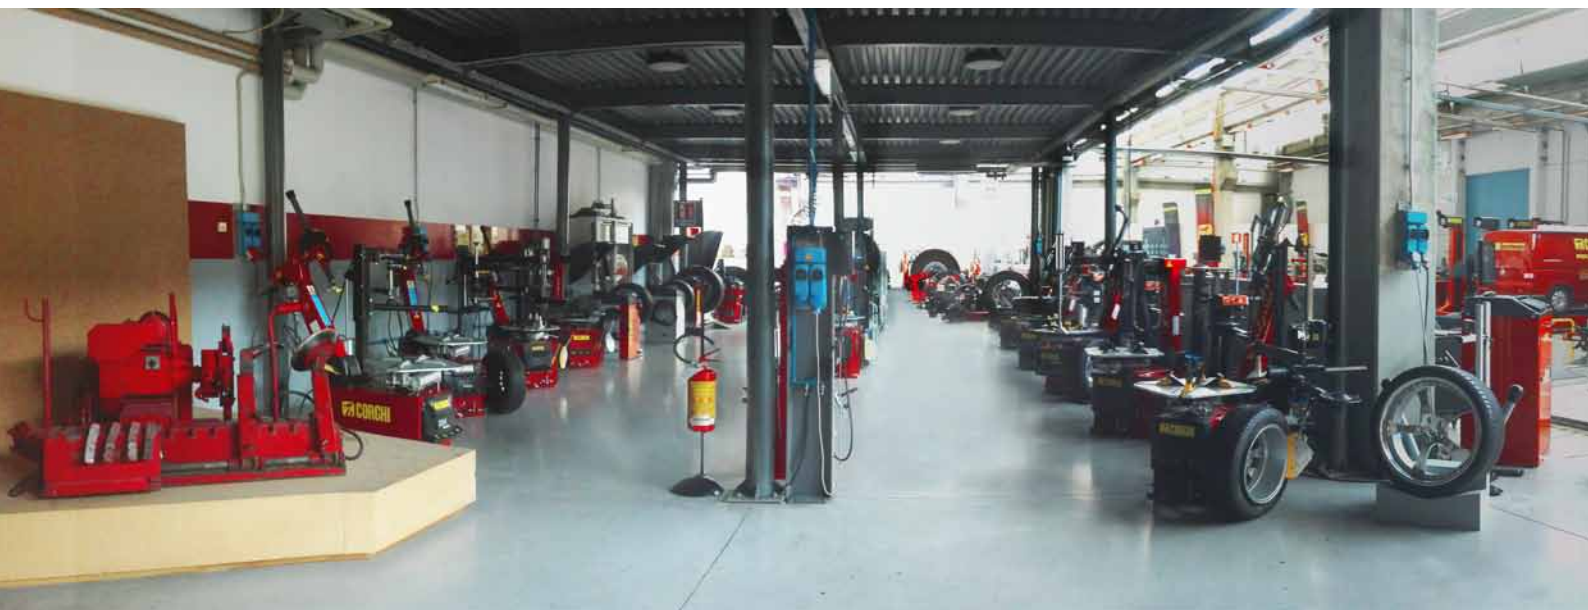

- tyre mounting and demounting
- wheel balancing
- wheel alignment
- vehicle lifting
- vehicle testing

Teaching room for theoretic learning

The courses can be composed by **groups of 8 people at the most.**

A limited number of participants allows us to obtain more effective, personalised teaching, leaving plenty of time and space for interactive discussions and single test sessions on the equipment.

Basic course for beginners or less experienced operators.

Product Lines:

- Tyre Changers
- Wheel Balancers
- Wheel Aligners
- Operatori del settore

The course is aimed at:

- Technicians
- Technical/sales personnel
- Sales personnel
- End users

General conditions valid for all the courses

The number of participants for each course is a minimum of 4 and a maximum of 8 (for courses C1 and C2) or 6 (courses C3, C4 and C5).

- Once there are 8 participants for a course, the enrolment will be closed.
- If the minimum number of 4 participants for each course is not reached, the course may be cancelled. In this case, the persons concerned will be duly informed, in order to find the most suitable solution.
- Official language is English
- It is also possible to request ad hoc courses, not officially included in this programme.

This is possible if:

- subjects other than those programmed are required.
- a different language is required (for ex. Spanish, French, German). Any cost for interpreter will be at customer's charge
- the number of participants is minimum 4 operators
- a course has already reached the maximum number of participants
- the scheduled dates do not meet the needs of the persons concerned*

Also for ad hoc courses, the number of participants will be minimum 4 and maximum 8. Anyone interested can contact the Area Manager for its own country or directly get in touch with the Scuola Corghi as described below.

* In this case, an ad hoc course will be agreed and organized upon request. For this reason the actual carrying out of the course is subject to the final confirmation by the Scuola Corghi.

Practical information for courses to be carried out at the Scuola Corghi's:

- The courses begin at 09.00 at the Scuola Corghi's.
- All participants will receive the teaching material relating to the course they are taking part to.
- At the end of the course, in case of a positive evaluation, a certificate will be awarded.
- Enrolment for the courses includes the transfer to/from the Scuola Corghi and the hotel, the light lunch during the training courses. Travel expenses, board & lodging and transfer to/from the hotel and the airport are not included. A list of suggested hotels will be provided to the participants.
- Enrolments must be made at least 3/4 weeks before the beginning of each course, by sending the "Application form for training course" to:
 - E-mail to: scuolacorghi@corghi.com
 - Fax to: +39 0522 639923

Practical information for courses to be carried out at the Customer's premises:

- All participants will receive the teaching material relating to the course they are taking part to.
- At the end of the course, in case of a positive evaluation, a certificate will be awarded.
- All expenses are at the customer's charge. An "all-inclusive" rate will be agreed with the customer before the confirmation of the course.
